There are normal schools at Bangalore, Tumkur Shimoga & Kolar with full staff and only 60 pupils at each place.

Instead of opening another school at Chitaldrug with 60 pupils would it not be more economical & equally effective to increase the staff at one or more of the existing schools & make them take say 100 pupils each?

There are 4 whole-time teachers and 2 part-time instructors in each school so that 28 ~~per~~ hours of work can be expected from the staff every day. As the number is restricted to 60, there cannot be many batches. So the present staff of each school would not appear to be overburdened with work.

As in any case the pupils have to come from other places & have to be given stipends it would not make much difference if pupils from Chitaldrug go to Shimoga or Tumkur & attend the schools already established there.

29 The question of opening another Training School at Chitaldrug has already been decided by Government and these proposals have now been submitted in obedience to Government Order dated the 4th June 1915. I therefore do not think that there was any special necessity to examine the proposal at this stage. The more Training Schools we have the better; and our endeavour should be to have at least one Training School for each District if we are to secure an adequate supply of trained teachers for the development of Elementary education.

The proposals of the I.G. of Education may therefore be approved.

Submitted to His Highness.

35 In accordance with the instructions conveyed in paragraph 2 of G.O. No.5213-14/Edn.154-14-9 dated 4th June 1915, the Inspector General of Education has submitted proposals for opening a Normal School at Chitaldrug at a total cost of Rs.12,605 per annum, of which Rs.10,805 is recurring and Rs.1,800 non-recurring charges.

2. The Financial Secretary is of opinion that there is no need for an additional Normal School as arrangements can be made to train the required number of teachers by strengthening the existing schools. The Inspector General of Education considers that this is not possible for want of sufficient accommodation and other reasons.

3. The question was considered in Council who are of opinion that the proposals of the Inspector General of Education to open another Normal School at Chitaldrug may be approved; but as it is understood that there may be difficulties in getting the best men possible for these appointments if permanent arrangements are made at once, the staff may be treated as temporary until qualified men become available.

My dear Mr. D'Souza,

Your D.O. No.6760/Edn.4-15-20 dated 17th May - 1916 regarding the opening of the new Normal School at Chitaldrug. The school was started in the first week of this month in the building assigned as dwelling - - quarters to the Head Master of the High School there, no other suitable building being available. The High School Head Master is without a house at present and is complaining that he is obliged to keep his family at Bangalore. I was given to understand that a build -ing now under construction and intended for the Mun-siff's Court was not required for that purpose and - wrote to the Deputy Commissioner if it could be had for the Normal School. I enclose copy of his reply, which says that some other offices are proposed to be located there. The building under construction is - reported to be eminently suited for the Normal School and I beg that Government may be pleased to consider

whether

whether this building may not be made over for the Normal school. It is highly desirable that as hitherto the High School Head Master should have his own quarters near the High School. A very early reply may kindly be sent as the High School Head Master is placed under much hardship at present.

Yours sincerely,

Ue. Shamaha Rao

D.O. letter No.523/26-6-16 dated 26th June 1916 from the - - - Deputy Commissioner, Chitaldrug District, to the Inspector General of Education in Mysore.

In reply to your D.O. of the 24th instant, I write to say that the buildings referred to by you were meant for the location of the Munsiff's Court, but on the motion of the Lawyers of this place, who preferred the present location on account of proximity to other - - Courts, etc., it has been decided to use the building for some of the other offices, which are located in rented buildings and whose location in different places is causing inconvenience. I am therefore sorry that it will not be possible and convenient to make the new building available for the Normal School.

As regards accommodation for the Head Master, High School, I dare say that soon as these offices are removed from their present premises, he may be able to take up one of the houses vacated for his own accommodation, if a suitable house rent allowance is sanctioned.
